COVID-19 Reporting Process for Students on Clinical Placement

You’re feeling ill or experiencing COVID-19 symptoms, or your self-assessment has indicated you should stay home.

Contact your faculty coordinator or adviser and placement employer to inform them that you are not able to be present.

Contact your health care provider or Telehealth Ontario (or an equivalent service) at 1-866-797-0000.

Follow public health instructions, which may include going to a local assessment centre and/or self-isolation.

Don’t return to campus or the placement site until cleared by the appropriate medical authority.

You’re cleared to return to campus.

For academic accommodations, contact your faculty, but don’t go to campus until cleared. SASS offers mental health counselling.

COVID-19 positive test

Advise your faculty coordinator or adviser and placement employer that you are not able to be present.

If you have been on campus, advise the Office of Risk Management of the date(s), time(s) and location(s).

The public health unit may conduct contact tracing. Advise your close contacts.

Completes the uOttawa Accident, Incident, Occupational Illness Report Form and advise the placement employer.

The University reports to WSIB; you follow placement employer COVID-19 protocols.

Persons deemed close contacts by public health authorities follow public health advice.
